We are subject to various legal obligations for the fulfillment of which the processing of your personal data may be necessary (Art. 6 (1) c) DSGVO): under the German Stock Corporation Act (AktG), under the German Securities Trading Act (WpHG) in conjunction with our Articles of Association, and otherwise under commercial, corporate, competition and tax laws, data protection laws and other general legal obligations or official directives.

5. Recipients of Personal Data

Employees of our company have access to your personal data to the extent necessary to fulfill the above-mentioned purposes.

We use service providers to assist us with data processing as part of order processing (service providers for the following services: organization, preparation and execution of the Annual General Meeting including voting processes,

online portal for the Annual General Meeting - including admission ticket ordering and authorization for the Annual General Meeting, IT operations, file/data carrier destruction, archiving and post-processing; in the case of shareholders, additional service providers for maintaining the share register and for mail processing). These service providers are subject to strict contractual agreements, including confidentiality agreements.

On a contractual basis, recipients outside our company who do not work for us as part of commissioned processing also process personal data to the extent required. The recipients are obliged to comply with data protection on the basis of legal or professional obligations or contractual agreements. Banks (e.g., for the payment of dividends) and logistics providers used for mail delivery process personal data of shareholders. Interpreters acting in connection with the Annual General Meeting, telecommunications service providers (e.g. to make calls, etc.), tax advisors/auditors (e.g. to ensure and verify accounting and legal requirements) and lawyers (e.g. to represent and enforce our legal interests) process personal data of shareholders and proxies. Our notary receives personal data from the shareholders concerned insofar as this is necessary for the proper conduct of the Annual General Meeting (e.g. when an objection is asserted).

In individual cases we are required by law to disclose personal data to government agencies (e.g. requests for information from investigating authorities) or natural persons/legal entities (e.g. to assert claims).

Other shareholders and their proxies may inspect the data recorded on shareholders and their proxies in the register of participants required by stock corporation law.

6. Data Processing in third Countries

In principle, we only process your personal data in Germany and in the European Union.

Personal data will only be processed outside the European Union (so-called third countries) if an "adequacy decision" of the European Commission (Art. 45 GDPR) exists for this third country, "appropriate safeguards" (Art. 46 GDPR) or "internal data protection rules" (Art. 47 GDPR) are in place at the recipient. If necessary, additional measures are agreed with recipients in third countries. General information on adequacy decisions can be found at https://commission.europa.eu/law/law-topic/data-protection/international-dimension-data-protection/adequacy-decisions_en, on available suitable safeguards at https://commission.europa.eu/law/law-topic/data-protection/international-dimension-data-protection/standard-contractual-clauses-scc_en and on internal data protection rules at https://commission.europa.eu/law/law-topic/data-protection/international-dimension-data-protection/binding-corporate-rules-bcr_en. Data provided for admission ticket issuance and authorization in the online portal for participation in the Annual General Meeting will be retained for 3 years.

Beyond this, we only retain personal data if this is necessary in connection with the assertion or defense of our claims (statutory limitation period of 30 years).

8. Provision of your Data

Shareholders are required by law to provide the Company with certain information for the purposes of maintaining the share register, otherwise the shareholding cannot be entered in the register and the shares cannot be transferred.
