O₂: Free wireless Internet access for business customers at 1,500 hotspots in Germany

MUNICH. Top speeds with no data limit: New O₂ on Business customers can now use the O₂ wireless Internet service at more than 1,500 hotspots across Germany free of charge.

Simply log in with your mobile phone number as your user ID and start surfing: Once you have been successfully authenticated for the wireless service, your smartphone or laptop will be automatically registered for all hotspots in Germany. The next time you find yourself near one of the wireless Internet access points, your device will automatically connect to the wireless network.

"Together with our partner The Cloud, we are offering business customers free access to our national wireless Internet network at central locations such as airports, train stations and hotels. Users only have to register online once for this service and there are no time, cost or data volume limits," says Johannes Pruchnow, Managing Director Business at Telefónica Germany.

Business customers who sign up for any of the following tariffs by 31.01.2012 will receive free access to the O₂ wireless network until 31.07.2012: O₂ on Business, O₂ on Business Upgrade, O₂ on Business with mobile phone, O₂ on Business Upgrade with mobile phone, O₂ Laptop Flat, O₂ Laptop Flat S.

You can find more information about wireless Internet access as well as an overview of The Cloud hotspots at http://www.thecloud.de/Mobile-Broadband/DE_Applikationen/DE_FastConnect.aspx. Here you can also download an app for finding your nearest hotspot.

Further information on O₂ tariffs is available at <http://www.o2business.de/o2onbusiness>

Telefónica Germany GmbH & Co. OHG and its brands O₂ and Alice belong to Telefónica Europe and are part of the Spanish telecommunication group Telefónica S.A. The Company offers its German private and business customers postpaid and prepaid mobile telecom products as well as innovative mobile data services based on the GPRS and UMTS technologies. In addition, the integrated communications provider also offers DSL fixed network telephony and high-speed internet. According to a network test by "connect" magazine (edition 12/10), the O₂ network is top of the list when it comes to reliable file downloads and champion in the telephony category. In the overall result the company is on second position. Telefónica Europe has more than 57 million mobile and fixed network customers in Great Britain, Ireland, the Czech Republic, Slovakia and Germany.
